The Dynamic Earth. Students will spend their sixth grade year in science studying how matter and energy cycle and flow through the Earth system. They begin the year with a unit that includes developing an understanding of matter, energy, the Earth's spheres and how weathering and erosion change the Earth's surface.

Science / Sixth-Grade Science Learning Objectives

The team of scientists at Science Buddies put together the following set of tips and tricks for using and keeping a lab notebook. Picking a notebook: No sticky notes! A pile of loose paper or sticky notes won't work for a lab notebook. Use a good quality "bound" notebook, so that pages can't be lost, shuffled out of order, or pulled loose.
