the scientific method and designing an experiment and not making models or explaining processes. You'll be expected to present data in the form of tables and graphs. Typed reports and posters are the norm (sorry, no handwritten text). You should do the project yourself, rather than enlist heavy-duty help from a parent or older student.

Course Summary In 8th grade, students explore a timeless question: are human beings fundamentally good or evil? Through careful study of classic and contemporary texts, students will consider how access to power influences human behavior, and how everyday people respond in the face of unjust leadership, violent oppression, and
