Get social ? teach your Arduino to communicate with software running on a computer to link the physical world with the virtual world It's hardware, it's software, it's fun! Start building the next cool gizmo with Arduino and Arduino For Dummies.

Full E-book Arduino For Dummies For Online - video dailymotion

I usually love the "for dummies" books and find them concise. This author spent the first part of the book telling me all the reasons I decided to buy one in the first place. The odds are, if I bought this book I probably already know what an arduino is and what it is for. An arduino isn't something someone buys because it is pretty.
