ACLS BLS for Adults BLS for adults focuses on doing several tasks simultaneously. In previous versions of BLS, the focus was primarily on one-rescuer CPR. In many situations, more than one person is available to do CPR.

Basic Life Support (BLS) For Adults - ACLS Online Handbook

Here's why: When you strip everything down and simply view them in their most basic form, both ACLS (Advanced Cardiac Life Support) and BLS (Basic Life Support) possess the same objective – learning the proper techniques to aid in saving the life of someone in cardiac arrest. However, there are many differences between the two courses that regulate how this overarching objective is met.

ACLS vs. BLS: What's the Difference?

Basic Life Support (BLS) Course Options. Basic Life Support (BLS) is available in two different training methods - blended learning and classroom training. All BLS course options teach the same AHA science-based skills and result in the same AHA BLS Course Completion Card. Purchase BLS course materials.
