Cecil Textbook of Medicine. This edition discusses approaches to virtually every medical condition, including pathophysiology, diagnosis, management and outcomes. Cross-referencing clarifies the relationship among organ systems, between infectious agents and organ systems, and between pathophysiology and disease.

Cecil Textbook of Medicine by Russell L. Cecil

I have had several editions of "Cecil- Textbook of Medicine" over many years. They remain, for those of us who still do like books more than E-information, wonderful learning experiences. This current edition seems carefully edited, a very attractive textbook with multiple colors now, and even the print may be a bit bigger in this new one.
