Hello Mike, Welcome to the Sony community forums. A blinking yellow light indicates one of two things, either the battery is not making good contact to the charging terminals in the Bay, or your AA or AAASony Ni-MH Battery is failing. try unplugging the charger, andrub the Positive end plate terminalswith a clean pencil eraser. remove all but one of your batteries and testthe samebattery in ...

If you ever bought a Sony digital camera that came with the two NiMH AA cells and simple, two bay charger, don't dismiss the charger! Two of the three Sony cameras I bought came with a battery charger, model # BC-CS2A. The made-in-Japan AA cells have been fantastic performers, but I immediately tossed the chargers into a box. I mean, I have three BC-900's and two Sanyo Eneeloop MQN05U chargers ...

I have purchased new AA SONY Ni-MH batteries of 3800mAh (NH-AA-B2C) for my digital camera. I tried to charge them using my old SONY charger BC-CS2A which I was using for my earlier rechargeable SONY batteries of 2150mAh capacity. However, after a minute or so the indicator light starts blinking and the batteries are not charged. What could be the reason ?
