Deadly Force Encounters: What Cops Need To Know To Mentally And Physically Prepare For And Survive A Gunfight by Alexis Artwohl (1997-07-01) Paperback - January 1, 1800. 4.5 out of 5 stars 67 ratings. See all formats and editions. Hide other formats and editions.

Deadly Force Encounters: What Cops Need To Know To ...

The greatly expanded scientific research, stories, and analysis in this second edition, *Deadly Force Encounters: Cops and Citizens Defending Themselves and Others*, focus on the most infrequent but most challenging part of the police profession: the use of deadly force. This book is not about specific laws, tactics, or equipment, but how the science of human performance influences the people behind the badge.

Deadly Force Encounters, Second Edition: Cops and Citizens ...

Deadly Force Encounters: What Cops Need to Know to Mentally and Physically Prepare for and Survive a Gunfight. In a cop's world it's kill or be killed, but the truth of the matter is that a shooting's aftermath is often the most dangerous time for the cop.

Deadly Force Encounters: What Cops Need to Know to ...

Still focused on preparing cops “to mentally and physically prepare for and survive a gunfight,” the authors’ second edition is thoughtfully expanded to include civilians who may suddenly find themselves in deadly force encounters. Subtitled *Cops & Citizens Defending Themselves and Others — Deadly Force Encounters*, presents extensive updates on human performance under stress.

Survive a Gunfight: Author(s): A Artwohl; L W Christensen: Date Published: 1997: Annotation: Because many police officers indicate the aftermath of a deadly force encounter has more traumatic effects on family and career than the actual encounter, this ...

NCJRS Abstract - National Criminal Justice Reference Service

The key point is that not all encounters with police are equally deadly. In any given kind of encounter with the police, a Black person can be likelier to be killed than a white person even if the...

The statistical paradox of police killings - The Boston Globe

The use of any kind of physical force is by far the exception in most police-citizen interactions, and deadly force encounters are rarer still. Police officers use deadly force when they believe they have no choice in order to protect human life—their own or that of other citizens. Any force, however mild or severe, that goes beyond the level necessary to preserve life, prevent injury, or safely control the scene constitutes excessive force.

Why cops kill: The psychology of police deadly force ...

American Police are not systematically engaged in racially biased shootings. There is no epidemic of police shooting unarmed citizens, of any race. And, errors in police deadly force decision making (cases in which police shoot unarmed, non-attacking citizens) occur at a rate of about one in a million.
