Developmental Reading Assessment Scoring Guide

The Developmental Reading Assessment (DRA) is an individually administered assessment of a child's reading capabilities. It is a tool to be used by instructors to identify a student's reading level, accuracy, fluency, and comprehension. Once levels are identified, an instructor can use this information for instructional planning purposes.

No. When a student is reading aloud during the assessment, it is not an instructional moment. The information gained from the student's oral reading is intended to be a snapshot of the student's skills at that point in time. The teacher should use the information gleaned from the assessment to guide instruction in the weeks to come.
