History. In 1937, John H. Westerbeke Sr. founded the Westerbeke Corporation as a company dedicated to the development of diesel engines and generators for a variety of uses. By 1938, Westerbeke was already pioneering use of the Detroit Diesel 6-71 for marine applications. In 1959, the company started customizing Perkins engine blocks for marine applications, creating a market for small marine diesels among sail boaters seeking reliable and practical auxiliary power.
