2.7 The Impact of Evangelism/Soul Winning to Church Growth. For years, members of the church growth movement have asserted that higher levels of evangelistic activity will yield membership growth for church congregations. Although a reasonable assumption, little research actually existed supporting that claim.

You'll likely find that only one person is being reached with the gospel for every forty to sixty church members. You will find that conversions have declined precipitously. And where you find numerical growth, you are more likely to find that the growth is transfer of Christians from one church to another. That's not evangelism.
