history and promise of good design. Generously illustrated with historical examples of designing excellence — ranging from teacups, riding boots, and golf balls to the villas of Palladio and the fish-feeding pavilion of Beijing's Winter Palace—Rasmussen's accessible guide invites us to appreciate architecture not only as a profession, but as an art that shapes everyday experience.

Experiencing Architecture, Second Edition | The MIT Press

Profusely illustrated with fine instances of architectural experimentation through the centuries, *Experiencing Architecture* manages to convey the intellectual excitement of superb design. From teacups, riding boots, golf balls, and underwater sculpture to the villas of Palladio and the fish-feeding pavilion of the Peking Winter Palace, the author ranges over the less-familiar by-ways of designing excellence.

Experiencing Architecture

I seem to remember that it's a sequel of sorts to his *Towns and Buildings*, but *Experiencing Architecture* is much more memorable. Rasmussen basically explains what architecture is all about, in a way that's accessible to an interested lay reader like me.

Experiencing Architecture by Steen Eiler Rasmussen

Experiencing Architecture, 2nd Edition In spite of its age the book is still like a bible for people interested in architecture and used a lot in education. The language is not too complicated, its not too technical and there are a lot of simple but good illustrations. This book

However, understanding architecture is
not enough by just seeing the external
features, it is about experiencing it by
observing and feeling the design for a
special purpose, as Rasmussen says:
"Such buildings are created in a special
spirit and they convey that spirit to
others."
