Figured Harmony At The Keyboard

This 1932 book is an excellent book for learning keyboard harmony as practiced by JS Bach using figured harmony as opposed to modern harmony books using the I IV V V7 etc as it relies more on aural and playing not paper exercises. Highly recommended.

Figured Harmony at the Keyboard, Part 1 (Pt. 1): R. O ...

This book presents figured harmony as a form of aural training. It seeks to make the student more keenly aware of chord-relationships as actual sound. It will increase the student's power to form an inward realization of what a page of music is going to sound like without having actually heard it.
