Humanity's ...

Some philosophers argue that these scientific models count against the existence of God. Others, however, argue that if God exists, a multiverse is precisely what we should expect to find. Moreover, these philosophers claim that the idea of a divinely created multiverse can help believers in God respond to certain arguments for atheism.

God and the Multiverse: Humanity's Expanding View of the ...

Did God create a single universe or a multiverse? Is there a single form of intelligent life made in the image of God? Is our universe fine-tuned for intelligent life? Are there a unique set of physical laws that govern the evolution of our universe into producing intelligent life? Is the fine-tuning of our universe evidence for God?
