Human resources management (HRM) is a management function concerned with hiring, motivating and maintaining people in an organization. It focuses on people in organizations. Human resource management is designing management systems to ensure that human talent is used effectively and efficiently to accomplish organizational goals.

Unit - 1 : Introduction to Human Resource Management

Good human resource management means that an organization reduces risk to its staff and reputation. It can do this by considering issues such as employment law, child protection and health and safety. Good human resource management can also reduce costs for an organization. For example, good recruitment policies and processes mean
