If you need help identifying your Briggs & Stratton engine, please visit our engine model number locator guide to find these numbers. Also, be aware that the numbers found on the Engine Emissions Label (bottom left) can be confused with the engine Model, Type and Code. Unfortunately, these numbers cannot be used to identify your engine.

How to find my engine model number? | Briggs & Stratton

The model number on a Briggs & Stratton engine is typically stamped directly onto the engine, onto the valve cover, or printed on a label that is affixed to the engine. The model number will be 11 or 12 digits and can be found in one of many locations, including: by the starter, on the cylinder shield, on the metal shield, on the valve cover, above the spark plug, in front of the engine, above the muffler, or on the fuel tank.
