Synopsis: "When Little Critter® wants a new skateboard, Dad tells him that he needs to save his own money to buy it! From feeding the dog to selling lemonade, Little Critter learns the value of a dollar." My Review: This is a good beginning reader, it feels a little advanced for early readers to attempt on their own. It would be great to read together anyway as it will spark conversations about money, chores and costs of things.

I love most all little critter books. My son loves them no matter what. The story has little critter taking his money in a jar to the bank to start a savings account. It's a little advanced for my 3 yr old. I wish the book had focused more on putting money in a jar and saving vs. using a bank account.
