BINGO card such that each square has 1 integer and a different integer is in each square. 2. Solve each problem as it is presented. 3. On your BINGO card, cross out answers to the problems as you get them. 4. Say BINGO proudly when you get 5 numbers crossed off your card in a row! (horizontally, vertically, diagonally)

MATH BINGO - Mathcounts

MATH BINGO is a lot like regular BINGO, but instead of calling numbers, we'll be giving you math problems to solve! Every math problem in our BINGO game has an answer that is an integer between 1 and 60. Once you've solved the problem, cross off the corresponding answer on your card, if you have that number.
