Moranthology by Caitlin Moran - Goodreads

"Moranthology is a merry ramble on anything and everything. A diffuse collection allows Moran to show off her strengths: a broad range of interests, an almost canine enthusiasm, and a love of the world and its people that radiates from every page. Moranthology Quotes by Caitlin Moran - Goodreads

"Moranthology" turned out to be just that: an anthology of her previously-published columns, without much concern over whether they translate well into a book-length format or not. She starts strong--I loved her story of trying to break into journalism at age 15 by getting lost in London and bringing a cake in a suitcase to an interview--but ...

Possibly the only drawback about the bestselling *How To Be A Woman* was that its author, Caitlin Moran, was limited to pretty much one subject: being a woman.
