Stanford Libraries' official online search tool for books, media, journals, databases, government documents and more.

Mystical languages of unsaying in SearchWorks catalog

Apophatic language enacts the process of "unsaying," a process that negates what has just been spoken. It is paired with kataphatic language, or the language of affirmation, declaration, and saying, because an apophatic statement presupposes a kataphatic one. In other words, something must be declared before it can be un-declared.
