Rules, Games, and Common-Pool Resources ()

Rules as explained to players: You are responsible for managing a fishery. You jointly own a common pool with many other players, and must make harvesting decisions over a number of periods. At the beginning of the first period the number of fish in the pool equals 10 times the number of players in the experiment.

The Tragedy of the Commons Game - Economics Games

Common property systems. A common property rights regime system (not to be confused with a common-pool resource) is a particular social arrangement regulating the preservation, maintenance, and consumption of a common-pool resource. The use of the term "common property resource" to designate a type of good has been criticized, because common-pool resources are not necessarily governed by ...
