1 review of Salt And Light Photo Studio *All is extremely slow. I've been waiting almost 4 months for an edited photo and still nothing. I've contacted her several times and every time she claims its being worked on but has another issue. The last time I contacted All the price quoted went up as well. It's very unprofessional, don't claim you can do something you cannot.

The history of photography began in remote antiquity with the discovery of two critical principles: camera obscura image projection and the observation that some substances are visibly altered by exposure to light. There are no artifacts or descriptions that indicate any attempt to capture images with light sensitive materials prior to the 18th century (with the arguable exception of a ...
