Southern Insurgency The Coming Of

"Southern Insurgency is the first book to theorize and examine the present and future shape of global class struggles. Analytically brilliant and empirically sound, it is a must-read for all who wish to grasp and understand the emerging working class in India, China, and South Africa.

Southern Insurgency: The Coming of the Global Working ...

Workers in the South are developing new forms of resistance, and are now an integral part of a global working class, under-appreciated developments brought to vivid life in Southern Insurgency: The Coming of the Global Working Class. The industrial working class has not disappeared, but rather has been reconstituted in the South and in larger in numbers than ever before, in contrast to scholars on the right and left who "declared the working class dead."

Southern Insurgency: The Coming of the Global Working ...

"With the rise of a working class rooted in the global South comes worker militancy in the same geographies...Workers in the South are developing new forms of resistance, and are now an integral part of a global working class, under-appreciated developments brought to vivid life in Southern Insurgency: The Coming of the Global Working Class. This latest book by Ness is a needed corrective to the false idea that resignation to neoliberalism is universal, and the examples of militancy that he ...

He is author of Southern Insurgency: The Coming of the Global Working Class (Pluto, 2015), co-editor of Choke Points: Logistics Workers Disrupting the Global Supply Chain (Pluto, 2018) and editor of the International Encyclopaedia of Revolution and Working USA: The Journal of Labor and Society.

Southern Insurgency

In Southern Insurgency, Immanuel Ness provides a thorough and expert perspective of three key countries where workers are fighting the spread of unchecked industrial capitalism: China, India, and South Africa. In each case, he considers the broader historical forces in play, such as the effects of imperialism, the decline of the international union movement, class struggle, and the growing reserve of available labor.
