Your Orion StarShoot Solitaire AutoGuider automatically fixes on a star and sends tracking corrections to your mount to enable perfectly round stars in your astro-images. Autoguiding is an immense help for your astro-imaging productivity. The Solitaire operates completely independently and does not require an external PC or laptop.

Orion StarShoot Autoguider Setting  
Suggestions? - posted in Equipment: Hi  
All, I have a new Meade 8 LX200 ACF  
SCT. I have been working with Orions,  
stand alone, StarShoot Solitaire  
Autoguider since September, 2009. I  
failed to get it to work with my LX200  
mount after months of noble attempts. I  
have given up and I purchased a  
computer operated Orion StarShoot  
Autoguider.
