statistics, MCMC methods, recursive estimation techniques, multiprocess dynamic time series models, and forecasting.

Introduction to Bayesian Statistics, Third Edition | Wiley ...

1.3 R and statistics Our introduction to the R environment did not mention statistics, yet many people use R as a statistics system. We prefer to think of it of an environment within which many classical and modern statistical techniques have been implemented. A few of these are built into the base R environment, but many are supplied as packages.
