Systems programming (Book, 1972) [WorldCat.org]

A set text for one of the second year computer science units I undertook in 1980, when I repeated second year taking computer science and physics, after the 'university authorities' had found my seven political club memberships meant I had only 59 points of credit units, rather than the requisite 60 to advance into third year mathematics, this text describes well the 1970's general purpose ...
