General Test-Taking Strategies for Multiple Choice Tests Make Predictions □ Your mind is typically the most focused immediately after you have read the question and digested its contents. At this point, try to predict what the correct answer will be. □ Scan the answers to see if your prediction is one of the choices.

MULTIPLE CHOICE TEST TAKING STRATEGIES

Point out that doing so usually helps test-takers hone in on relevant points. Encourage students to highlight or underline key words, phrases, ideas and to go back to the text to find evidence or clues to support the answers.

Checklist: Test-Taking Strategies for Middle and High ...

1. The first strategy is to look for clues in the test question. This means to see if the question is worded differently than what is commonly used and then you may be able to find the correct answer. If the test maker did use a different type of phrase, it is wise to consider that as a way of finding the answer to the question and how it should be worded.
