Introduction to Crisis and Trauma Counseling | Wiley

Crisis intervention is focused on minimizing the stress of the event, providing emotional support and improving the individual's coping strategies in the here and now. Like psychotherapy, crisis counseling involves assessment, planning, and treatment, but the scope is generally much more specific. While psychotherapy focuses on a broad range of information and client history, crisis assessment and treatment focuses on the client's immediate situation including factors such as safety and ...

EDC 244: Trauma and Crisis Counseling

Crisis counseling is a short-term therapy that aims to help an individual deal with a traumatic situation during the immediate aftermath of the event. It is not the same as traditional psychotherapy, as it has a specific goal of dealing with one event that is presently bothering a person, rather than focusing on a person's entire history.
