The Ghost in the Machine is a 1967 book about philosophical psychology by Arthur Koestler. The title is a phrase (see ghost in the machine) coined by the Oxford philosopher Gilbert Ryle to describe the Cartesian dualist account of the mind-body relationship. Koestler shares with Ryle the view that the mind of a person is not an independent non-material entity, temporarily inhabiting and governing the body.

'Ghost in the Machine' is partially a concept album based on a book of the same name by Arthur Koestler. The book, which had a profound effect on Sting, is a critical attack on Behaviorist psychology, which Koestler maintains is not the panacea it claims to be but an insidious reduction of human beings to machine status.
