The Snippet

Featured Snippets are short snippets of text that appear at the top of Google's search results in order to quickly answer a searcher's query. The content that appears inside of a Featured Snippet is automatically pulled from web pages in Google's index. Common types of Featured Snippets include definitions, tables, steps and lists.

What Are Featured Snippets? And How to Get Them

Regular snippets, rich snippets, and featured snippets. The snippet in the screenshot you saw at the beginning of this article is a regular, static snippet but there are many variations to be found. Search engines love to experiment with different ways of highlighting particular results within the search results pages.

What is a snippet? • Yeast

Snippets are excerpts from books which have not yet been published. I started posting snippets on Baen's Bar back in 1999 and have maintained the practice ever since. Some years ago, when I first launched this web site, I carried over the snippets and post them here. They're also still posted on Baen's Bar, if you prefer that venue.

About the Snippets - Eric Flint
