One species, the shoe-billed kingfisher (Clytoceyx rex) of

tropical forests of New Guinea, is a terrestrial bird that is specialized for digging

earthworms, and has evolved a flat, stout, shovel-like bill.

Kingfishers typically occur in tropical and subtropical habitats, with only a few species nesting in the temperate zone.

of our Story of the  
World History text.  
Many of the reviews  
posted have mentioned  
that the book is very,  
very brief in each of  
the historical eras that  
it presents. I would  
agree that it is very  
limited, I don't know if I  
would have purchased  
it after using it for half  
the year.
