The Soul of a Doctor was what cemented the decision to go to medical school way back in tenth grade. I didn't fully digest what I had read but I could totally imagine myself walking around the wards, helping sick patients. I wanted to be like the students. I needed a reminder of why I had pursued medicine which was why I picked this book up again.

The Doctor and the Soul is a book by Dr. Viktor E. Frankl, the Vienesse psychiatrist and founder of logotherapy. The book explores topics on the meaning of life in general as well as the meaning of specific areas of one's life, such as work and personal relationships. Frankl took the original manuscript of the book with him into the Nazi concentration camps where he was held. However, it was soon discarded by other inmates. Frankl later reconstructed the manuscript from memory while still in the
