It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

We are not too blessed to be stressed. If we are anything we are too blessed to be content. When we remember all that God was willing to do for us and for the world, it ignites a desire in our hearts to start transforming the world. When we feel God's love in our lives through a friend, we are given the strength to do the same for someone else.
