Windsurfing

Windsurfing is a surface water sport that is a combination of surfing and sailing. It is also referred to as "sailboarding" and "boardsailing", and emerged in the early 1970s from the surf culture scene of California. Windsurfing had gained a following across North America by the late 1970s and had achieved global popularity by the 1980s.

San Pedro offers year around windsurfing opportunities with constant ocean breezes. Its unique juxtaposition of cliffs, hills and harbor combine to create an area of robust breezes. This area, known as "Hurricane Gulch" is a favorite with windsurfers. San Pedro Read More ...

Windsurfing in San Pedro, CA - Los Angeles Harbor ...

Windsurfing is a form of sailing, where a board is powered across the water by the wind. Polynesians have been using boards with sails for hundreds of years. It wasn't until the 1960s that windsurf board design really developed and it became the sport we know today. You can read a full history of the sport here.

Windsurfing is a sport that can be completely adrenaline charged or relaxingly cool and cruisy. As windsurfing gear has evolved and become easier, lighter, and more user-friendly, the sport has become far more family friendly.

Windsurfing - Boards, Sails, & Gear - Silent Sports

Windsurfing is a sport that is done in a potentially hostile environment. This means that before we hit the water it is important that we must take the time to ensure that we will be getting back to shore. There are many thorough articles on safety out there and I will write one myself shortly. For now keep in mind these checklist items:
