Family Therapy & Counseling: Purpose, How It Works, Pros ...

When working with parents, I've made it a practice to say at the beginning of the session that at first I'll be listening more, and then later I'll be offering suggestions and advice. I then tell them it's their "hour," so if they want me to shut up and do more listening, they should say so; if they want more advice, they should tell me that as well.
